

Soothing, luxurious Tintswalo havens

EVERYONE has their own happy place – that one destination that you can disappear to whenever life's demands become too frantic, the place that gives you a chance to catch your breath, to help you feel like yourself again.

The Tintswalo Property Group offers sublime destinations where excellence is the standard and expectations are exceeded as a matter of course.

The exclusive Tintswalo Atlantic, overlooking the quaint fishing village of Hout Bay; Tintswalo at Waterfall in Kyalami, a stone's throw from Sandton; and Safari Lodge in the private Manveleth Game Reserve, set in the pristine, unfenced, western boundary of the greater Kruger National Park; capture the essence of what every luxurious

getaway should be.

In Shangaan, Tintswalo means “the intangible feeling of love, gratitude and peace bestowed upon someone offering you a meaningful and worthy gift”, which is exactly what Tintswalo strives to offer its guests.

From mouthwatering cuisine to breathtaking views, guests are treated to nothing less than opulent living.

Tintswalo's ideal escapes each offer one of a kind of luxury experiences with all our destinations perfectly located in key tourism hubs across South Africa.
