**Tintswalo at Waterfall Spa**

---

Located in the 5 Star Tintswalo at Waterfall boutique hotel, the exclusive Waterfall Spa is unique in both its setting and luxurious offerings to even the most seasoned of spa-goers.

“With four treatment rooms, a Hydrotherapy bath, and our Steam Sauna for ultimate de-stressing and relaxation, the Waterfall Spa experience is guaranteed to be a memorable one,” Katlego Mampe, Spa Manageress.

“We offer various treatment options alongside all of the basic needs of a spa-goer which promise to relax and revive both the Johannesburg local and our international clientele. We carry Dermalogica's product range, known industry-wide as a results-driven product line and "the professionals' choice" for skin care.”

Every skin care treatment within the spa includes a full Face Mapping, and upon completion of the treatment, the findings from the Face Mapping are discussed with the client. This ensures that clients leave with a skin care routine that can be implemented for results that keep giving beyond the time spent in our Spa. Our highly-trained therapists attend monthly advanced educational courses, assuring that not only is your experience fresh, memorable, and valuable in our fast-paced world, but that it is consistently so. And as a result of our commitment to excellence, we have become one of the most desirable and in-demand spas in the city!

As of December 2009, the Waterfall Spa brought on SOiL Organic Aromatherapy and Skin Care brand (<http://www.soil.co.za/>). SOiL is a South African company producing certified organic products locally, supplying SA's first range of certified organic aromatherapy products. SOiL is unique in that they farm, process and market their own products, ensuring that high quality standards are maintained. With no petrochemicals, parabens or synthetic fragrances, their organic ingredients help you without harming your body or the environment. The Waterfall Spa is proud to be using their full range of Organic Aromatherapy massage oils and body scrubs.
